Selectmen's Meeting

APPRECIATION TO RUTH WALEGA

Selectmen John DeCosta and James Huntoon present a certificate of appreciation on behalf of the people of Mattapoisett to Ruth Ann Walega of 10 Jane Lane. She has worked with the young people of the town as a Girl Scout Service Unit Administrator for many years. Walega recently retired after 4 terms as Scout Service Unit Administrator in Mattapoisett. She was chosen as one of the top 100 out of 8000 members as Outstanding Adult in Scouting in the greater New England area for 1981 and was presented with the award at the 20th annual meeting of the National Council at Wheaton College on May 7. On June 9 Mrs. Walega was again honored as she received the Thanks Badge, the highest award an adult can receive in Girl Scouting.

CANNON STREET DIRECTION

A gathering of residents of the central village talked to Selectmen John DeCosta and James Huntoon about the change of direction of Cannon Street which was brought up at the Selectmen's meeting of July 7, 1981 by a resident and was put into effect the next morning. Winfield Jenney pointed out the fact that this change cuts off all access to the wharf except by way of Main Street. Not only does it waste fuel, he stated, but it makes Church Street the main artery to proceed west to get to Main Street in order to get to the wharf.

Church Street which has a normal summer increase because of the increased population now is burdened also with all of the traffic that would have been the western flow on Water Street making it overburdened with traffic, he stated. Ruth Jenney said that when traffic was allowed to flow normally in the direction

Street direction was one way south toward the wharf. Cannon Street has been one way south toward the wharf for many years and Main Street was changed to one way south to allow 3 access routes to the wharf. Pearl Street was the first reversal to be made and was changed one way north. On July 7 a decision was made to change Cannon Street, on the suggestion of one resident. Twelve hours later Cannon Street became one way north. It was pointed out that, in effect, Cannon Street was now a private street and a suggestion was made to dead end Cannon Street. The City Street to cut off all traffic except residents of Cannon Street. The City Street stated that since the street was installed on Water Street one way, the increased traffic would force them to have a one way street. The flow of traffic would be the same as the flow of traffic on Water Street.

July 28, has been set as a public meeting to accept written or oral suggestions from the public to the Selectmen.

HEARING ON HARBOR BEACH

Selectmen issued an order to owner John Stavros d/b/a Bow Bells Inc. to take steps to secure the remains of the Harbor Beach Restaurant from access by the public specifically to: 1) remove a fire escape within 7 days of the hearing date; 2) secure all exterior sidewalls; 3) to show evidence of a personal liability insurance binder in the amount of \$200,000 to \$300,00; 4) submit a plan to the Board of Selectmen for the future use or demolition of the building with

Mr. Stavros present; 5) if no plan is submitted or if the plan is not acceptable, the Board of Selectmen to order demolition and backfilling (the cost to be borne by Mr. Stavros).

In the testimony preceding the decision, it was established that a pyrofax gas tank had been drained and plugged immediately after the fire on February 28. Jonathan DePina, building inspector, stated that he had boarded the fire escape himself and posted all 4 walls of the building. Later, he said the plywood had been torn loose with such force that all the nails were pulled out. He said that the fire escape could be swayed by some one at the top and was a danger. Mr. DePina stated that the building was a nuisance and was dangerous.

In a second hearing by the Board of Health with Daniel Lee presiding it was found that the Harbor Beach ruins are a nuisance and that a source of filth does exist. The owner was ordered to institute a rodent control

The Old Colony Historical Museum in Taunton invites you to explore a unique treasury of Early Americana from a one horse shay, earliest kitchen stoves, sewing machine (1846), fire engine (1803), military relics to dolls and toys of the early 1800s.

The Yesteryear Doll Museum in Sandwich is interesting not only for its exhibits but also for its history as the First Parish Meetinghouse, starting in 1638. The founders of the Museum, Colonel and Mrs. Ronald F. Thomas, collected over 700 rare Japanese dolls in Japan, added to their collection when in Germany, and have been adding and restoring collection items ever since.

Children's Museum FIELD WALK - JULY 25th

Visiting the Shore in the summertime offers the opportunity to discover the varied habitats that exist there. The ocean itself, shallow water, the rocks, sand and plants that make up the beach, the dunes, a saltmarsh, a tidal pool, a salt water creek, a river, and the air, all make up the habitats of the shore. This Saturday we will explore the Beach and Dunes. The Beach, as a feeding ground, offers many clues to its inhabi-

tants and visitors. The dunes provide shelter for other plants and animals to live.

This walk is FREE and open to all ages; starts at 10:00 a.m. PLEASE MEET AT THE MUSEUM IN ADVANCE.

APPONEGANSETT FRIENDS MEETING

Dr. Carol Hagglund is the featured speaker for the annual meeting at the Apponegansett Friends Meetinghouse on Sunday, July 26, at 3 p.m. The topic of her address is "The Spiritual and Social Dilemmas of Some Eighteenth Century Friends in Southeastern New England".

Miss Hagglund will speak about the problems faced by Friends in Old Dartmouth, in Sandwich, and especially in Old Rochester, in that period, in dealing with differences between the values and beliefs of the general community around them and the Friends' discipline concerning faithful observance of their religious teachings. Also, she will examine the life-style Friends developed in Old Rochester by the various compromises for accommodation within the total community. Much of the material for her presentation is from her recent Ph.D. dissertation at the University of Massachusetts. Its title is "Disowned

"TWO FOR THE SEESAW"

The Gateway Players' production of William Gibson's comedy "Two for the Seesaw" received favorable critical attention. "Lisa Federico gets into the thick of her character; she's perfectly cast; shines in her role and has wonderful facial expressions. She can make a line funny with a peculiar tilt of her head or twist of her mouth. Larry Bennett has a new look, a dry one. Bennett fits the part well." The production, directed by George W. Hayden, repeats July 24, 25, 31 and August 1 at 8 p.m. at the playhouse, off Route 6, Wareham. For reservations phone the playhouse, 295-6768.

Miss Kirsten Snow Spalding of 59 Berkley Street, North Dartmouth was awarded Your Theatre's annual Mary A. Smith Scholarship. Miss Spalding, who graduated second in her class at Dartmouth High School, plans to attend Yale University this Fall, pursuing studies in Music Competition and Conducting.

In her address to the membership, President Messier noted that the past season had been successful. However, "energy and improvement costs continue to put a drain on our Operating Budget", she said. "Current inflationary circumstances," Presi-

dent Messier remarked, "make sole reliance on ticket sales prohibitive. We thank those who have supported us and look for even greater assistance in the coming year."

Westport Historical Society

ANTIQUES APPRAISAL NIGHT

The Westport Historical Society is sponsoring an ANTIQUES APPRAISAL NIGHT from 7:00 - 11:00 p.m. Friday, July 31, at the Upper Deck Lounge of White's Restaurant, 66 State Road (Route 6), Westport. Three appraisers from the Robert C. Eldred Company of East Dennis will be on hand to evaluate antiques, fine arts, antique firearms and decoys for individuals who may bring in their fine art objects and antiques during those hours for either a written or an oral appraisal.

Because of the Eldred Company's national reputation as auctioneers and appraisers, this will be a unique opportunity for anyone to check out the value of some old family treasure, such as a portrait of great grandma, or find out if you've just bought a rare antique for a song at a yard sale! that jewelry containing precious stones and modern art will not be included in these evaluations. Also, bring hand-carried objects only.

A brief description of the article, its value, and the appraiser's signature will constitute the written appraisal, for which there will be a fee charged. These can be most useful for insurance and tax purposes as well as for estate planning purposes. Mr. Eldred has stated that should it be impossible to make an on-the-spot assessment of any particular object, his firm will research the item and send a statement identifying and evaluating it to the owner.

All proceeds from this fund-raising event will benefit the Westport Historical Society's general fund.

Security is to be provided throughout the evening.

The Upper Deck Lounge with separate entrance is located at the west end of White's building. There is ample parking. Pleasant dining is available adjacent to the appraisal area.

Researching the Inventories and Wills of early Plymouth colonists, staff at Plimoth Plantation determined the kinds of animals used by the Pilgrims in their early settlement.

Since the Plantation strives to be historically authentic in its exhibits, the Exhibits Department there began last winter to find animals correct to the period for its Village program. They were successful.

This season visitors strolling there no longer see contemporary Rhode Island Reds but five-toed English strains of poultry. They include: silver gray dorkings, silver-spangled hamburgs, old English and salmon favorolles.

Other breeds correct to the period in the Village this season include: lineback cattle, Wiltshire-Dorset sheep, grade goats, Tamworth pigs and a Dartmoor pony.

"We have the foundation stock for selective breeding rather than reverse breeding," said Peter Cook, Director of Exhibits. "For example, we have a good lineback stock. We're hoping to produce a blockier, smaller version through careful breeding procedures."

To assist the Plantation in its breeding goals, Cook hired a 20-year veteran herdsman, Jon Haskins, to oversee the animal

HOSPITAL EXTENDS ICU AND PCU VISITING HOURS

Visiting hours for both Intensive Care and Progressive Care Units at St. Luke's Hospital have been lengthened to half-hour periods. The new hours are: 11:30 a.m. to 12 noon; 2:00 to 2:30 p.m.; 5:00 to 5:30 p.m., and 8:00 to 8:30 p.m. Previously, visiting periods were 10 minute sessions.

According to Louis Sylvia, Director of Unit Management, the new hours allow the immediate family to spend more time with

the patient. "However," Sylvia noted, "the hours remain limited because both Intensive Care and Progressive Care patients require more rest and other patient areas."

Visits to both ICU and PCU Units are limit-

FOR TENNIS

FOR POWER WITHOUT PRETENSE HEAD

For every level of play, racquets built to make a real difference in your game.

THE GRAPHITE EDGE

For the advanced player who demands the generous performance of a mid-size racquet and the light, precision control of the conventional size frame. More than lightweight response, it combines a solid hit with an almost uncanny feel for the ball.

THE PRO

If you're serious about your game, it's time you played the Head Professional with a reputation for quickness and power. This is the country's best selling metal racquet. While extremely fleet through the air, it gives a satisfying, solid feel. The Pro performs well in quick reflex volleys, but is also outstanding for controlled ground strokes.

THE LEGEND

Volleys like a dream. Its radical shape adds pace and reach to ground strokes and explosive power to your serve.

THE XRC

An unquestioned performer, perfectly at home in world class play. Easy to handle. No matter how good you get, you won't outgrow this racquet.

THE EDGE

Tubular aluminum gives this racquet a high strength-to-weight ratio, and the rounded extrusion gives it the proper flex characteristics. A mid-size frame with a 20% larger sweet spot! The Edge is light, controllable, and delivers the power you expect - with a solid, shock-absorbing two-handed handle.

Also by HEAD: Canvas Tennis Shoes, Bags, Clothing and a complete selection of racquets.
